

## NEOPLASTIC AND PROLIFERATIVE DISORDERS

Comprehensive course (two modules)

- A) Experimental Oncology (Prof. Ciro Isidoro)
- B) Haemato-Oncology (Prof. Gianluca Gaidano)

EXAM MODALITY (2 steps for each module)

(to access the exam the student must have filled up the course evaluation form)

1. Written test (30 minutes for 3 statements): answer TRUE/FALSE and give an explanation to support your answer in 5 (not less) to 10 (not more) lines. (please, write in a legible writing). At least 2 out of 3 answers must be correct in order to be admitted to the next step (oral examination). (Evaluation: 6-8/30 points for each question).
2. Oral examination (approx. 10-20 min): A) discussion of the written test. B) discussion of an original article dealing with a subject of your choice inherent to the program of the course and published in a good journal (consult with your professor for an appropriate choice). (Evaluation: 4-6/30 points). C) (optional): 1 or 2 extra question(s). (Evaluation 2-4/30, Laude). Maximal score is 30 + Laude/30.
3. NOTE: the final score is agreed between the two Professors as an average of the scores obtained for the two modules. 2. minimal score for each module is 18/30.

FOR EXPERIMENTAL ONCOLOGY you may choose between TWO channels:

1. BASIC LEVEL - Essential Learning: 2 written statements plus 1 oral question (maximal score is 24/30). Some topics are not included
2. ADVANCED LEVEL - Extensive Learning: 2-3 written statements; 2 oral questions plus discussion of original articles. Includes all topics.
